

### WILSON'S MESSAGE TO BE ON DEFENSE AND MORE REVENUE

PRESIDENT EXPECTS TO HAVE  
HIS CHARGE TO CONGRESS  
FINISHED SOON

### TREASURY EMPTY SAYS BOURNE

Ex-Senator Says Congress Will Find  
Country Bankrupt in  
December

(Associated Press)  
Washington, Nov. 16.—National  
defense will be the chief subject to  
be treated in President Wilson's mes-  
sage to Congress, which he expects  
to have completed before Thanksgiv-  
ing Day. Means for raising additional  
at revenue will also be treated.

Washington, Nov. 15.—Former  
Senator Jonathan Bourne Jr., issued  
a statement today declaring that the  
federal treasury is bankrupt and that  
when Congress meets it will be  
found for the first time as empty as  
it was turned over to Abraham Lin-  
coln by James Buchanan.

"When Congress assembles there  
probably will be no free and avail-  
able balance in the federal treasury  
—using those words in the sense  
which used to be given to them in  
the days before Mr. McAdoo became  
Secretary of the Treasury," says Mr.  
Bourne.

Hires Expert Accountant  
Mr. Bourne employed Harry S.  
Chase, an expert accountant to go  
through the statement and he re-  
ports:

"On Aug. 4, 1913, the 'free avail-  
able balance' in the treasury office  
and in banks was \$105,793,571.44.  
In the balance thus stated neither  
'subsidiary silver coin,' nor 'silver  
bullet,' nor 'minor,' was included,  
whereas in the statement of Oct. 23,  
1915, these items are listed in a to-  
tal sum of more than \$30,000,000,  
which sum, Mr. Chase says, should  
be deducted from the balance which  
Mr. McAdoo says he had.

"In August, 1913, the balances of  
disbursing officers and the 'national  
bank notes' redemption fund were  
included as liabilities, and they were  
so included up to Oct. 1, 1915, when  
Mr. McAdoo decided to exclude them  
from this classification, and thus  
boosted his apparent balance by  
some eighty millions of dollars.

Ridicules McAdoo  
"As a convenient means of main-  
taining solvency, I commend the  
McAdoo system of bookkeeping to the  
merchants and manufacturers of the  
country, who have found it difficult  
to do business with profit since  
Mr. McAdoo's party came into power.  
"Mr. Chase's conclusion is couched  
in solemn words. 'I hereby certi-  
fy,' he writes, using his title of  
certified public accountant, 'that if  
the daily statement of the United  
States treasury of Oct. 23, 1915, had  
been made upon the same basis as  
that of Aug. 4, 1913, the available  
balance in the treasury would now  
be exhibited as \$2,517,027.21.'

### U. S. AMBASSADOR SAW DANCE

Jap Peersesses Performed in Grand  
Coronation Ceremony.

(Associated Press)  
Kyoto, Nov. 16.—Five beautiful Jap-  
anese peeresses of the realm, wearing  
rich and brilliant kimono, danced to-  
night an ancient dance of old Japan  
at a great state feast held to cele-  
brate the coronation of Emperor Yoshihito.  
The Emperor himself was there and  
several thousand people gathered  
about the banquet board as his per-  
sonal guests. Prominent among the  
foreign guests, who included the  
members of the diplomatic corps, was  
George W. Guthrie, the American am-  
bassador, and Mrs. Guthrie.

The pretty peeresses and their  
dance formed but one of several fea-  
tures calculated to impress this histo-  
ric feast upon the memories of the  
guests, especially foreign guests. The  
dance is known as the "Gosechi,"  
and other dances were the "Kume" and  
"Fuzoka," ancient musical themes  
played in the court from the earliest  
ages on felicitous occasions.

### ELKS PREPARE FOR THEIR BIGGEST FAIR

FINE ENTERTAINMENT AT CLUB  
MONDAY EVENING WAS  
"STARTER."

### BAZAAR OPENS SATURDAY EVE

The vaudeville entertainment and  
tee promised it would be—the biggest  
was just what the house commit-  
tee promise dit would be—the biggest  
night of the year for the members of  
the order—and 350 men men enjoyed  
every detail of the five vaudeville  
acts and the oyster supper which was  
served later. The entertainment was  
provided by Hazel Heimbeck, posses-  
sor of a rich contralto voice and a  
whistler of fine ability; Chris Lane, a  
rapid-fire song comedian, who made  
up his song as he went along; Alma  
Adair, a decidedly clever cabaret girl;  
Steve Jubasz, a magician of skill  
with a great line of talk with his act;  
and Mlle. Lorraine, "some" dancer.  
The accompaniments were played by  
the Marquette orchestra.

### Boosting Big Fair.

The main object of the entertain-  
ment Monday evening was to boost  
the big annual fair of the Elks, which  
starts next Saturday night at Res-  
brook hall and continues every night  
the following week. The committee in  
charge of the fair plans to make it  
the biggest in the history of the lodge  
and record breaking attendances are  
expected each evening. There will be  
many new attractions, the poultry  
booth will be larger and more fully  
equipped than ever before and the  
music for the dancing during the op-  
erative fair will be furnished by the Mar-  
quette orchestra.

### RABBITS CAN'T GET FOOT-MOUTH DISEASE

DR. DYSON SAYS THE "BUNNIES"  
ARE IMMUNE FROM  
AILMENT.

There have been rumors among  
some of the sportsmen that it was  
feared rabbits might be afflicted with  
the foot and mouth disease, which is  
quite prevalent in some sections  
among livestock. This has been set at  
rest by a statement from Dr. E. O.  
Dyson, state veterinarian.

As the rabbit hunting season is  
here, hunters began to inquire "What  
about this foot and mouth disease?"  
The question was put to Dr. E. O. Dy-  
son, the state veterinarian, who re-  
plied that rabbits are immune. Deer,  
however, might convey the plague, if  
they run full tilt into it, said the doc-  
tor. "But if there is any foot and  
mouth disease in the deer country I  
have not heard of it," replied the doc-  
tor. "Therefore hunters may kill rab-  
bits to the limit, and without fear of  
them being affected with the plague  
about which they have been worry-  
ing."

### RESUMED DRAINAGE HEARINGS

Attorneys Presenting Last Arguments  
County Court Today.

The hearing in the Inlet drainage  
case was resumed today in the county  
court. Attorneys Wingert and Brew-  
ster argued the objections made by  
land owners they represent before  
the court, and H. S. Dixon for the com-  
missioners will present their side of  
the case to the court at the conclusion  
of the objections of the land owners.  
It is expected that the hearing will be  
finished tomorrow and then the jury  
will be ready to go out and view the  
land and pass upon the benefits.

The hearing of the objections  
was completed at noon today and it  
is expected that they will have finish  
by the time court adjourns this after-  
noon so that the jury can start to-  
morrow to view the lands in the dis-  
trict. Sheriff R. R. Phillips and  
Balliff G. G. Meser will accompany the  
jury.

Illinois are in attendance at the an-  
nual session of the Grand Lodge  
here. H. M. Blood of Chicago ap-  
pears to be the leading candidate  
for Warden of the Grand Lodge.

ville City seems the strongest aspirant

was elected Grand Junior Warden.

Frank Stephan was in Ashton today  
on business.

### President Orders Burkitt Put Back Regardless Charge

Other Charges, If There Are Any,  
Will Be Investigated  
Later

(Associated Press)  
Washington, Nov. 16.—Definite in-  
structions have been given the Post-  
office department by the White House  
to reinstate George Burkitt as assist-  
ant postmaster at Winnetka, Ill., re-  
gardless of other charges which may  
have been preferred against him in  
addition to the charge that he criti-  
cized President Wilson's engagement  
to Mrs. Galt. Other charges against  
him will probably be investigated by  
the postal inspectors later.

Instructions were sent to Winnetka  
at once by First Assistant Postmaster  
General Roper to reinstate Burkitt.

Washington, Nov. 16.—A reinstatement  
with "no ifs or howevers about it,"  
was ordered by President Wilson for  
George Burkitt, assistant postmas-  
ter at Winnetka, Ill., who had been  
ousted by his postmaster, apparently  
with the sanction of the postoffice de-  
partment, largely because of depreca-  
tory remarks he had made concerning  
the approaching marriage of President  
Wilson.

This declaration came from the  
White House at a time when it was  
known that a statement was being pre-  
pared by the postoffice department  
showing that alleged "disloyalty" on  
Burkitt's part was not the only charge  
against him. It was made clear that  
the president, thoroughly distressed  
by the incident, hoped to end it as  
quickly as it should come up.

"You may say that the President has  
ordered Mr. Burkitt's reinstatement,"  
said Secretary Tamm. "There are  
no ifs or howevers about it."

### GREAT LAKE BLOCKADE IS LIFTED

(Associated Press)  
Detroit, Nov. 16.—The most exten-  
sive blockade in the history of the  
lower lakes has been lifted after 24  
hours, and a hundred big steamers,  
carrying hundreds of thousands of  
dollars worth of merchandise, are pas-  
sing through the canal connecting the  
St. Clair river with Lake St. Clair.  
The stoppage of traffic by the ground-  
ing of three steamers, caused the own-  
ers a loss of more than \$100,000.

ing their farm names registered in

tered on the register.

### ANOTHER CHARGE IS PREFERRED AGAINST HUNGARIAN EMBASSY

CLEVELAND CITY OFFICER SAYS  
EMBASSY WAS ACTIVE IN  
STRIKE THERE.

### ONE HEAD RUNS ALL WAR PLOTS

United States Officials Admit a For-  
eign Embassy is  
Involved.

(Associated Press)  
Cleveland, O., Nov. 16.—Louis  
Loeb, a native Hungarian, serving as  
City immigration officer, today charged  
activity by the Austro-Hungarian  
embassy at Washington in the strike  
of machinists at the Kundz factory  
here, where orders for the bodies for  
war automobiles for the entente al-  
lies have been held up by a strike.

His charges were made at a hear-  
ing before Mayor Baker, and he said  
a man in the pay of the Austro-Hun-  
garian government has offered to  
"sell out" the strikers for the sum of  
\$1,000.

New York, Nov. 16.—Robert Fay,  
self-styled lieutenant in the German  
army and by his own confession head  
of a band of bomb makers that sought  
to destroy ships sailing from New  
York with munitions for the entente  
allies, told the full story of his life  
and his mission to America to Assist-  
ant District Attorney Knox. After the  
five-hour talk, Mr. Knox announces  
that all Fay wanted to do now was to  
plead guilty and begin serving his sen-  
tence.

Fay's long talk was made on his own  
solicitation and without promise of  
immunity or leniency.

What Fay told Mr. Knox may clear  
up other mysteries being investigated  
by the government, including passport  
frauds, is the hint of Roger B. Wood,  
an assistant in District Attorney Mar-  
shall's office.

### Believes One Directs All.

"Five cases of this sort lead back  
to four sources," Mr. Wood said.  
"They are the Fay case, the Bue-  
enz case and the three passport cases.  
In none of the cases did the actual  
defendants know what the defendants in  
the other cases were doing."

"The four sources, however, direct-  
ing these five cases are very close to-  
gether—very. It is my belief that these  
four men all reported to and took their  
orders from a fifth man who was the  
director of all the trouble of this sort  
in the United States."

"If you could prove this," Mr. Wood  
was asked, "would you or could you  
prosecute this fifth man?"

"All I can say to that," he replied,  
"is that under the law we cannot  
prosecute any diplomatic representa-  
tive of a foreign country."

### Fay His Right Name.

"There is no doubt," District At-  
torney Marshall said, "that the prisoner's  
name is really Fay and that he served  
in the German army. As to the rest,  
we do not know. His statement differs  
somewhat from his previous story, but  
he admits his guilt of the charges  
against him."

Mr. Marshall prepared most of the  
cases in the passport frauds and also  
prepared the government's cases  
against Karl Bueenz and other officials  
of the Hamburg-American line indicted  
on a charge of conspiracy.

Both Mr. Marshall and Mr. Knox de-  
clined to say whether any new name  
was implicated in Fay's latest state-  
ment. Without full verification the  
statement is unlikely to bring other  
arrests in the plot.

### Faces Sherman Law Charge.

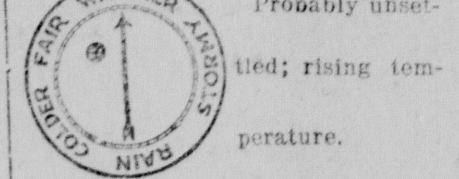

Washington, Nov. 16.—Handicapped  
by lack of specific laws to protect  
the nation's neutrality, the department  
of justice plans instituting criminal pro-  
ceedings under the Sherman anti-trust  
act in prosecuting those in war plots.  
The inquiry, it is learned, is directed  
particularly at plots relating to efforts  
of pro-German and pro-Austrian sym-  
pathizers to cause strikes in munition  
plants in the United States.

### LOST CONSIDERABLE SUM.

A Dixon man lost a pocketbook con-  
taining \$60 Monday evening and he  
offers a reward of \$5 for its return to  
the Telegraph office. His ad appears

### Palmer Appointed City Sealer Weights & Measures Today

Will Assume Duties December  
1 - Outfit For Office  
Arrives

Frank D. Palmer was this morn-  
ing appointed city sealer of weights  
and measures by Mayor Henry  
Schmidt on recommendation of Com-  
missioner J. D. Vanlibber, who has  
charge of the enforcement of the or-  
dinance. The appointment is for  
one year and the new official will not  
assume his duties until Dec. 1. The  
sealer's outfit did not arrive until  
yesterday and on unpacking some of  
the liquid measures were found to be  
slightly damaged. A book of in-  
structions was received with the out-  
fit and the sealer must become famil-  
iar with the duties of his office and  
the manner in which the tests of  
scales and measures are to be made.

The semi-monthly bills to the  
amount of \$1,182.54 were read, al-  
lowed and ordered paid. A petition  
was presented by Mrs. Mary Holder  
man asking that sub-division be  
made of the assessment for the con-  
crete pavement on Seventh street,  
part lot 2 in block 92, she having  
sold part of the lot. The prayer of  
the petition was granted. There be-  
ing no further work before the coun-  
cil an adjournment was taken until  
the next regular meeting.

O'Hara, Speaker Shanahan and Chair-  
men Smekal and Curtis of the house  
and senate appropriations committees  
the details of the call for the special  
session of the assembly to be con-  
vened next Monday.

It is not believed from what the  
governor said that reapportionment  
will be included in the call.

Salary warrants for pay from July

eral departments that had been held  
up by the Ferguson suits are being is-  
sued by State Treasurer Andrew Rus-  
sell.

"The state treasurer announces that  
the warrants are going to be all state  
officers and employees whose status  
will not be further questioned by At-  
torney Fayette S. Munro, representing  
Mr. Ferguson. Mr. Munro, it is un-  
derstood, gave to the treasurer a list  
including officers of the public utilities  
commission, live stock commission, in-  
surance department, pure food com-  
mission, highway commission, rivers  
and lakes commission, Illinois water-  
way commission, nine rescue bod-  
ies, industrial board and state water sur-  
vey, as those whose salary will not be  
further questioned.

### M. YNEARD LECTURE ON BURROS

G. W. Foltz Left For Mooseheart This  
Morning With Herd.

George W. Foltz left this morning  
at about 11 o'clock with his herd of  
burros for Mooseheart, near Aurora,  
where the little animals are to be  
presented to children of the Moose  
home. There was a large audience at  
the family theatre last evening to  
listen to his talk on his trip from  
Phoenix, Ariz., with the pack and  
what a hardy lot of animals the bur-  
ros are. In the mountainous country  
they are used to carry luggage up the  
mountain sides and often the loads  
they carry exceed their own weight.

### WOULDN'T LET IRISH BOARD SHIP

Attempt of 800 Men to Board Vessel  
In England Was Blocked.

(Associated Press)  
New York, Nov. 16.—Rioting fol-  
lowed an attempt by 800 men, mostly  
Irish of military age, to leave Liver-  
pool on the steamer Saxonia, say pas-  
sengers who arrived on the liner to-  
day. The crew threatened to strike if  
the ship's officers allowed these men  
to sail and they were forcibly pre-  
vented from boarding the steamer.

pretation and portrayal of "Within the  
Law" at the opera house Monday

lightful charm to the rendition.

### ANNOUNCE WINNERS OF RECENT CONTEST

NACHUSA, DIXON, CHINA, EAST  
GROVE SUNDAY SCHOOLS  
WON PENNANTS.

### TO HOLD ANOTHER NEXT YEAR

The time for the township contest  
in connection with the "Go to Sunday  
School" day has expired and the win-  
ners have been named. All but five  
townships qualified for the contest,  
two of which have no Sunday schools.  
Four pennants will be awarded at  
the Jubilee County Convention which  
is to be held in Ashton next spring, as  
follows:

For the largest percentage of in-  
crease in attendance—Nachusa town-  
ship.

For the largest numerical increase  
in attendance—Dixon township.

For the largest offering to the Ju-  
bilee fund—China township.

For the largest offering per mem-  
ber enrolled, including Home depart-  
ment and Cradle Roll—East Grove  
township.

The Sunday schools in Nachusa  
township had an increase of 137.1%  
in attendance, while Sublette ranked  
second with 112.7% and Willow  
Creek third with 112.5%.

Dixon increased her average attend-  
ance by 346, with China a close sec-  
ond at 343.

China township sent in \$20 to the  
Jubilee fund, and Dixon \$16.45.

East Grove township gave \$9.45  
per member; Sublette \$7.84, and Alto  
\$4.85.

So many have expressed satisfac-  
tion with the plan, that the county  
officers have arranged for another Go  
to Sunday School Day next year.

### STATE CONDEMNS RED SCHOOL HOUSE

SAYS IT IS POOREST OF PLACES  
TO GET A DECENT  
EDUCATION.

Springfield, Nov. 16.—Specifications  
for model school buildings designed  
to meet the needs of public schools  
in Illinois have been prepared under  
the direction of Francis G. Blair, state  
superintendent of public instruction,  
in accordance with legislation enacted  
by the last general assembly.

The specifications list the minimum  
requirements under the state law in  
heating, ventilation, lighting, seating,  
water supply, toilets and safety  
against fire. The specifications in  
pamphlet form have been sent to  
members of all boards of education in  
the state.

Walter Bennett, state fire marshal,  
and his aids prepared the list of min-  
imum requirements for safety against  
fire. The state board of health indi-  
cated what was needed to safeguard  
the health of school children, not so much  
in the big city schools as in "the little  
red school house," which, according  
to the authorities, is a fine thing for  
romanticists but a mighty difficult  
place to get a decent education. The  
state architect gave his best attention  
to the subject also, and Superinten-  
dent Blair hopes the result of their  
combined efforts will lead to the erec-  
tion of hundreds of scientifically de-  
signed school houses all over the  
state.

### CHICKEN PIE AT BAPTIST CHURCH

Ladies Will Hold Sale and Serve Sup-  
per Wednesday.

Tomorrow night the ladies of the  
Baptist church will hold a supper and  
sale. The supper will be a "Chicken  
Pie Supper." If you are alive to op-  
portunity and quick to grasp the good  
things of life when they come within  
reach, you will have your feet under  
one of the tables in the parlors of the  
church at supper time tomorrow even-  
ing. Church suppers are always good.  
A chicken pie supper is something  
that cannot be beaten, and the ladies  
of the Baptist church know how to  
make you glad you came with a big  
appetite.

### WAS NEVER LEGALLY APPOINTED

Aurora Mayor Says Michels Had No  
Right to Police Chiefship.

Aurora, Nov. 16.—Mayor James  
Harley last night told the city council  
that Frank Michels had never been  
appointed chief of police by the civil  
service commission of the city and in  
consequence had never legally held  
the office. He supported his statement  
to the council with an affidavit by  
Wm. Greenaway, clerk of the fire and  
police commission, in which the clerk  
stated that in a careful and complete  
search of the records of the commis-  
sion from the time of its organization  
he had been unable to find any record  
of Michels' appointment.

## THE ROOTER.

The rooter is a sort of human calypso who supplies the callop effect at our football contests. He is composed of a vast bowl, enclosed in a thin rim of face, and decorated with a fringe of wildly moving arms and legs.

It is the mission of the rooter to win games for his college. The team itself also has a small part in the job, but the big work is done by the men with the steam-siren lungs. This is easily proven by the fact that after a great football game only a few players are disabled, while upwards of 11,000 rooters may be unable to talk for a week.

The rooter does not depend on individual effort, however, in his games. He is a beautiful example of the benefits of combination. No rooter would think of working without a cheer-leader or yell-master. The yell-master is the mahout of the college yell. He is a lithe young man with a number 37 mouth, and revolving arms and legs. With a small cane decorated with a pennant, he stands in front of a thousand open mouths and braids up the sounds which issue into a harmonious whole which he directs at the enemy from the front or rear, as occasion may demand. He controls his yell, as if he was running it through a nozzle. He shuts it off, draws it out, feeds it up with college songs, changes records, pulls out a new patent ear-buster when the team falters, and finally at a critical point yanks his machine to its feet, pulls out every stop, revolves his arms and legs until he is only a light blue haze and turns on pandemonium. A good yell-master will frequently blow his team forty yards down the field by hurling a 1,000 lung power yell at it just when it is needed. Big colleges win in football, not because the arms and legs which attend them are of any exclusive patent, but because in football Providence is on the side of the college with the most lung.

## CARRY STOMACH JOY IN YOUR VEST POCKET

Rowland Bros. Have Such Faith In This Dyspepsia Remedy That They Guarantee It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Rowland Bros., the popular druggists, have hard work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case no matter of how long a standing. This remedy has been so uniformly successful that Rowland Bros. will in future sell Mi-o-na under a positive guarantee to refund the money should it not prove entirely satisfactory.

## DEMENTTOWN DOINGS

Ward Miller—popularly known as Windy—is commencing to regard Bradford Brinton (you remember him as the young man whose father tried to marry off at a recent plowing exhibition) as something of a jinx. A jinx, dear reader, is a ball player's incarnation of the spirit of bad luck. Windy is citing two hunting incidents to prove his contention. A year ago, he charges, he went hunting with Mr. Brinton, let that gentleman take the ferret, and after half an hour they both had to devote their time to hunting the ferret—unsuccessfully. Last week they went hunting again and this time Ward's fine hunting dog became possessed of the wanderlust—and has been seen no more. As a consequence of which there is wailing and gnashing of teeth at the Miller home, and a deep seated conviction, possessed by Ward, that those central Illinois girls were all-fired lucky in avoiding the jinx when he was demonstrating Dad's ploys. Incidentally Windy is hoping some kind hearted person has found the dog and will return it.

**TRY THIS IF HAIR START FALLING**

Some Good Advice For Those Who Are Threatened With Baldness

At this season of the year many people find their hair coming out at an alarming rate and often fear baldness. This may very easily be the ultimate result if proper scalp treatment is not taken at once. All excessive loss of hair can be almost immediately stopped by the use twice daily of a little Parisian Sage which invigorates and nourishes the slowly dying hair roots into a renewal of healthy, normal action. New hair quickly grows on the thin spots, old hair stops falling and the difference is apparent in a few days by the look of the hair itself taking on new life, lustre and beauty. Parisian Sage can be obtained from Rowland Bros. or any good druggist. It is not expensive.

## She Knows What She Wants

The well informed housekeeper insists upon using only a baking powder which is made of cream of tartar. She might read in an advertisement or be told that alum and lime phosphate, which are used as inferior substitutes in cheap baking powders, were all right in the quantities used but she would not buy them or permit them to enter her kitchen. Why?

Because she knows that cream of tartar has always been accepted as the most wholesome agent, with soda, for raising cake and biscuit, and she wants a baking powder made of cream of tartar, like Royal.

This conclusion is the result of unconscious absorption, either her own or her mother's, of the opinions of the highest authorities on hygiene and home cooking.

The prudent housekeeper, when she uses baking powder, reads the names of the ingredients printed on the label. She knows what she wants.

Entente Powers to Send Big Force to the Balkans.

London, Nov. 16.—The correspondent of the Daily Mail at Athens cables his paper as follows: "The entente powers, having decided to create an entirely new front in the Balkans entailing the presence of a very considerable number of troops, it has been considered necessary to obtain from the Greek government something more definite in the way of a guarantee for the security of the allied forces than mere promises of benevolent armed neutrality. When cross, irritable, feverish, stomach sour, breath bad, or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without giving out, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

### You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## HE'S A LIVE ONE, ANYWAY.

A rural school teacher, finding week-end holidays hanging heavily on his hands, drifted into the lively city of Ashland, Ky., a few days ago, so a local newspaper reports, and after the fashion of old Rip Van Winkle, decided that "just one wouldn't hurt anything." In short, if press reports may be relied upon, the adhesive quality of the glue which held that pedagogue upon a water-wagon seat proved unequal to the strain, the man slipped, and slipping, fell—sprawling from the wagon with such a splashy effect that an Ashland policeman, with a star as big as a Panama Canal mosquito, lugged him off to the town lockup.

On the face of the returns thus far the odds seem to be against the school teacher, for there is no denying that in getting himself in jail he trod with heavy hoof upon the conventionalities.

But hold a minute!

Before you utterly condemn the man, listen to how he turned evil into good.

Here's that part of the story: In that Ashland jail the school teacher found half a dozen or more illiterate prisoners—shaggy fellows from the back woods who were charged with converting corn and spring water into a certain amber fluid that cheers and simultaneously inebriates. Moonshiners is a shorter way of expressing it.

These men—some young, some old—had never learned to read and write. They were awaiting trial in the federal court.

The teacher could have raised the money to pay his comparatively small fine, no doubt, but finding he had a company of men wholly innocent of the three R's, he decided he could do more good right there in jail than he could possibly do on the outside. It wouldn't hurt his district school back in the hills to rest a little while, he reckoned, so he decided to stay in the battle until he had taught those unfortunates to read and write.

So, revile the pedagogue if you will for the headlong tumble he took, but, anyway, you cannot consistently accuse him of being what in everyday vernacular is termed a "dead one." Moreover, he is doing some good in the world as he staggers his way through.

## BE A MEMBER OF THIS ASSOCIATION.

The Lee County Soil Improvement association will hold a directors' meeting at Amboy on Saturday of this week. The men are to report on the work they have accomplished, especially concerning the enlistment of members.

These men are doing a great and patriotic work. The Lee County Soil Improvement association will prove to be one of the greatest factors for progress and development that this county has ever seen. Mark our predictions.

That the plans and intentions of the association are good and advisable, no one can doubt. If you are not sure that the association can do good for you, follow the lead of the farmers who live in Lee near the DeKalb county line. These men were the first to sign membership cards and they are extremely anxious for Lee county to get a soil expert employed and get the good work started. Why? Because DeKalb county has a soil expert and they who live near DeKalb see the great benefits that the farmers of that county have derived from their "soil doctor." What better recommendation can the movement have than the approval of these critical, level-headed farmers who have been watching the work in DeKalb, watching skeptically at first, but with an ever-growing admiration for the accomplishments of Mr. Eckhardt, DeKalb's soil expert?

The farmers of Lee county will have to buy a great deal of seed next year. Are they going to pay top notch prices for it, or are they going to have a soil expert and farm advisor who will buy seeds in wholesale lots for the association and who will know that the seeds he buys are good and will grow?

There are untold possibilities ahead of the farmers' organization in this county if the farmers, who are the ones who will reap the harvest, will join in the movement and will give it their financial backing and moral encouragement.

Wonder if the fact that President Wilson is about to get married has anything to do with his recent activity in the line of war preparedness?

The Turkey Gobbler's days are numbered, and it may seem heartless, but his end cannot come a minute too soon for us.

## PRODUCE MUCH SUGAR

Berlin—More sugar is produced in Germany each year than it can consume. Last year's crop of sugarbeets was unusually large, and the present crop is said to promise well, but the price of sugar has nevertheless increased more than 25 per cent. In connection with this state of affairs, a letter to the Lokal Anzeiger declares that the country's largest sugar refinery, has, this year, declared a dividend of twenty per cent, against ten last year.

Former Palmyra Woman Passed Away At Baltimore, Nov. 2.

Word has been received in this city by friends of the death of Mrs. Annie Buffet, widow of the late George Buffet, at her home in Baltimore, Md., Nov. 2, after a lingering illness of Bright's disease. She is survived by the following children: Ralph, Frank, Walter, Lewis, Edgar, Burtis and Mrs. Charles Smithson, and five grandchildren. Her six sons acted as pall bearers at the funeral.

## OBITUARY

## MRS. CATHERINE MOSSHOLDER

Catherine McVan was born June 11th, 1847 in Somerset Co., Pa. In early life she came with her parents to Lee county, Ill. Since 1857 she has resided in this vicinity and has ever been interested in every advance that has been made.

On June 21st, 1847, she was united in marriage with William Moss-holder. To this happy union three children were born, Mrs. Thomas Clayton of Chicago, Clinton Moss-holder of this city, and Inez who passed away five years ago last May. Mr. Moss-holder departed this life on Nov. 12th five years ago.

There are two grandchildren, Wilbur and Eleanor Clayton, two others having died when quite young.

Mrs. Moss-holder was one of a large family. There were six brothers and eight sisters.

The deceased was a faithful and much-beloved member of the Methodist Episcopal church. From her earliest years she took an interest in the building up of the Kingdom of the Christ. She was a member of both missionary societies and the Ladies Aid. Because of her continued interest and spirit of consecration she will be much missed by her large circle of friends and workers in these several societies.

Mrs. Moss-holder was also a valued member of the W. C. T. U. The cause of reform lay very close to her heart. It was her conviction that all causes of evil should be removed so young life might find it easier to grow up in such an atmosphere as would be conducive to beautiful and strong manhood and womanhood.

Home was her delight. Words are so inadequate to pay tribute to a good mother. Her children call her blessed. The nation's weal for the future lies in the quality of our homes.

Mrs. Moss-holder had a large circle of friends in this city.

The ones bereaved have the entire sympathy of all. To a great many the memory of this good woman will be precious. She lived well and when the final summons came there was no fear. Death was swallowed up in victory and the heavenly coronation sure.—Contributed.

## FEAR TREACHERY BY CONSTANTINE

London Believes Kitchener Faces Grave Balkan Problem.

## SUSPECT COUP BY GREEK KING

Kaiser Is Planning to Enter Constantinople in State—Turks Elated Over Successes—Russians Gain in Teheran—Berlin Says 2,500 Serbs Are Prisoners.

London, Nov. 16.—Hints of treachery planned by the Greek king are heard on all sides here and it is generally believed that when Earl Kitchener, minister of war, reaches Athens he will face the gravest problem of his life in his efforts to protect the Anglo-French army that has its headquarters at the Greek port of Saloniki.

The Greek plan, as it is reported here, is simple: The Greek army will be kept mobilized. Aid will be given to neither party, but if the Anglo-French-Serb force is beaten by the Germans or the Bulgars and forced to retreat onto Greek soil it will be disarmed and interned as a violator of Greek neutrality.

King in Full Control. That Kitchener realizes this situation and that he is on his way to Athens armed with full power to settle the question of Greek neutrality is admitted here. Because of his intimate knowledge of the politics of the near East it is believed he will be able to solve the problem of the status of King Constantine and end the "benevolent neutrality" attitude of Greece, which is regarded here as only a cloak to a menace to the allied forces in the Balkans.

That the Greek constitutional government has broken down is generally admitted. The dissolution of parliament and the control of the army by the pro-German king has destroyed all semblance of democracy and taken from ex-Premier Venizelos the last vestige of power to aid the allies. There is a chance that a revolution may follow the calling of the elections, since Venizelos has practically decided that since the election is illegal his party will not take part in the balloting.

Troops Still Landing. Troops of the entente allies, arriving in an unceasing stream at Saloniki, tax the resources of the port to railroad to the utmost.

8,500 Serbs Captured. Berlin, Nov. 16.—According to the Frankfurter Zeitung, the French general staff has given up its intention to send troops by way of Santi Quaranta, on the Adriatic Sea, in southern Albania to Monastir, a distance of 120 miles through the mountains. The French troops landed in Santi Quaranta, therefore, already have re-embararked.

Announcement was made by the war office of the capture of 8,500 Serbians, with twelve cannon. Of these 7,000 prisoners and seven cannon were taken by the Bulgarians.

French and Serbs Join Near Prilep. London, Nov. 16.—A French junction with the Serbian detachments operating in the region of Prilep, where the Bulgars have been fighting to separate the allies, is announced by Paris.

Kaiser to Enter Constantinople. Rome, Nov. 16.—Dispatches from Constantinople indicate that the Kaiser's arrival in the Turkish capital is expected to coincide with the departure of a military expedition for Egypt and the Suez canal. Great preparations are being made for the triumphal entry of Emperor William at Constantinople.

Travelers arriving from Turkey report that the Kaiser will be accompanied by Arch Duke Charles Francis, the Austrian crown prince and King Ferdinand of Bulgaria. Numerous German officers are arriving daily at Constantinople and some are going on into Asia Minor to prepare the way for the new drive of the Germans into the Orient.

All information from the Golden Horn indicates that the Turks are greatly encouraged and optimistic over recent developments in the near East.

## Russians Near Teheran.

Petrograd, Nov. 16.—A Russian army already is within forty miles of Teheran and is encamped at Yangiema. The German legation at Teheran caused to be transmitted a quantity of ammunition and arms to Emir Hismet, one of the chief organizers of Persian opposition to the Russians and the Russian and British legations thereupon sent word of the act of the Persian vizier.

The German, Austrian and Turkish archives have been deposited in the American consulate.

McCormick Wants Roosevelt to Run. Chicago, Nov. 16.—Medill McCormick has gone to New York to have a heart-to-heart talk with Colonel Roosevelt. It is said he will ask the Colonel to run for president.

British Nearing Bagdad. London, Nov. 16.—British forces have reached Azizbeh, forty miles from Bagdad, according to information telegraphed by a news agency.

Mr. and Mrs. Oliver Boyer of Prairieville were in Dixon on business this morning.

Miss Avis Thompson is in Chicago for her regular instruction at Mrs. Collins' dancing school.

## UNIVERSITY CAN BE OF HELP TO CITIES

BOSTON MAN TELLS OF POSSIBILITIES IN CO-OPERATION IN THIS LINE.

(Associated Press)

Cincinnati, O., Nov. 6.—President Lemuel Herbert Murlin of Boston University, a speaker at today's session of the second annual meeting of the National Association of Urban Universities, declared the country was on the threshold of a new era of co-operation between the municipality and the university. The urban university, he said, has only recently awakened to the fact that the city is at once its unique opportunity and its peculiar responsibility; and that the urban university can serve the city in all the various forms of life just as the normal school serves the primary school life of the state, and just as the agricultural college serves the rural life of the state.

His subject was "Results of Co-operation by the Municipality and the University in Education," and he declared that while it was perhaps premature to speak of results, it was a fact that the universities have been rendering a vast amount of public service without its being distinctly recognized as such, and with the new era of co-operation "we have as yet but the faintest gleams of the possibilities opening before us."

## FREEPORT LADY FOR TRUSTEE

Teachers Urge Her Selection As Member of Pension Board.

The selection of Miss Kate Flanagan of Freeport, in whose mind the Illinois Teachers' Pension and Retirement Fund had its inception, as member of the board of trustees of the fund is urged in a letter sent through out the state by former members of the state publicity committee.

The letter says:

"We most conscientiously solicit your co-operation and support for Miss Flanagan's election. We propose to base our claim on the high plane of the eminent and peculiar fitness through temperament, training and ability. Indeed, in the event of Miss Flanagan's election to the board of trustees she will bring to the board invaluable knowledge, desirable insight, rare executive ability, sound and practical methods as to ways and means, together with most loyal co-operation to the end that the entire law may be applied and administered in all its forms in a way to commend itself throughout."

Isaac Trask went to Franklin Grove today on business.

Attorney S. V. Wirick was here today from Rochelle.

E. E. Smith and Henry Newhausen of Amboy were business callers here today.

## Dramatic Notes

## OPERA HOUSE.

"The Diamond from the Sky," part 29, in two reels, entitled "A Deal With Destiny," will be shown at the Opera House this evening and the balance of the bill will consist of "Misjudged," a splendid three reel production featuring Anna Little and Herbert Rawlinson, and "The Valley of Regeneration," a startling drama in two reels. For the comedy part of the bill "A Man and a Maid" will be shown. The above will prove an excellent bill.

## PRINCESS THEATRE.

Last night the patrons of the Princess were highly pleased with the first showing of new pictures by the General Film Co. These pictures are universally the most popular brand and a program of variety, including comedy, drama and scenic will be promised by Manager Slothover every week. For tonight an excellent program has been arranged, including a two reel Vitagraph drama entitled "From the Dregs," with Eleanor Woodruff, Karwin Karr, Logan Paul and Ned Finley in the leading roles, a thrilling story of a private in the regular army sent to prison for assault on a superior officer, but he later turns out to be a brother of the officer's wife. The two men become friends and during a sharp fight the private saves the other's life. This photo play is written by Jasper Ewing Brady and produced by Lionel Belmont. The other reels include a Biograph drama entitled "The Stranger in the Valley," a splendid drama of love and romance, and an Essanay comedy entitled "Hazel's Two Husbands."

## FAMILY THEATRE.

LeVere and Palmer, favorites with the theatre goers of this city, appeared at the Family last evening and were most heartily received. Their work and personality has won them a place with the theatre goers of the city and they are always a welcome number on the bill. Dawn June & Co. have a most interesting swinging act and the Three Alverettas in a pantomime novelty are most amusing. Roy & Raynor appear in a singing and talking sketch.

Feature picture for tonight is "The Imposter," in six reels, featuring Alex. B. Francis.

## WEST BROOKLYN

A. F. Lyman was over from Scarborough on Friday afternoon calling on friends.

Mr. and Mrs. F. J. Gehant, Mr. and Mrs. Andrew Gehant and Mrs. Alois Graf motored to Dixon on last Sunday and were the guests of Mr. and Mrs. G. L. Jeanguenat and family for the day.

George Kessel of Maytown was a visitor in West Brooklyn on Friday with his friends and acquaintances here.

Our former citizen, George Swope of Compton, called upon some of our business men in town on Thursday evening.

Albert Bieschke Sr. and N. J. Bieschke motored to Aurora on Saturday in the auto and from there continued on to Chicago by rail to visit over Sunday with M. J. Bieschke and family.

Henry L. Gehant and M. J. Haas delivered a new 1916 model 40 horse power Studebaker touring car to a customer south of Compton on Saturday.

The ladies of the Domestic Science club were entertained at the home of Mrs. George Gehant northwest of town on Wednesday afternoon. They report having enjoyed a splendid time.

F. D. Gehant sold and set up half a dozen grain elevators to farmers in this vicinity this week.

A Ford was hauled over from Stew and a few days ago to the Henry garage where it was overhauled and made as good as new. This garage is gaining quite a reputation for its expert knowledge of the Ford and Ford troubles and is kept busy with outsiders a good share of the time. They had three cars over from Ambony last week to receive their attention.

John S. Derr was a visitor here on Thursday.

A good many of our people have been installing the water meters during the past week and reports bring out the fact that the quantity of water used by these individuals is surprising themselves considerably. The meter is a fine method for discovering any leakage in pipes or elsewhere and already several leaks have been found which were not known to exist previous to putting on the meter. They must all be on by January 1st, 1916.

The boys in charge of the Thanksgiving ball are planning on a big dance and a good crowd. The dance is on the 23rd.

Charles Mackin was in town from Viola township on last Saturday afternoon.

Miss Grace Thompson of Steward was in town Friday instructing her music class.

Well, we have lost another depot agent and the prospects are very bright for still a third to leave. The

only excuse for quitting West Brooklyn is owing to the fact that we have no houses for rental here so that they can move here. Mr. Rambo left on Monday and his successor after reaching here discovers he is up against the same proposition and will perhaps leave within a few days. Those who had met Mr. Rambo regret his leaving for he was proving himself to be a worthy successor to our old reliable agent of 30 years' service, Mr. J. H. Terhune.

M. J. Haas was called to Shabbona on Saturday to do some garage work for local people there. H. L. Gehant accompanied him.

Mrs. Andrew Gehant, Mrs. Joseph Graf and Mrs. Jos. P. Sondgeroth motored to Dixon on Thursday and attended an afternoon session of the Catholic bazar. They report a fine time.

F. R. Holtfordt, state agent of the North British and Mercantile Insurance company, capitalized at \$12,000,000, was a visitor at the office of the local agency in the bank on Friday.

Mr. and Mrs. August Gehant and Mr. and Mrs. C. P. Henkel motored to Dixon on Friday and visited with friends and acquaintances for the day. Miss Stella Gehant returned to West Brooklyn with her folks to visit over Sunday.

John Sorrenson and J. W. Anderson of the Platts were in town Thursday.

Paul Krings and H. F. Gehant were in Dixon this week on business matters. Mr. Gehant just returned from Freeport on Thursday night after serving on the United States grand jury. He reports the work as a member of the federal jury as interesting and instructive.

W. A. Mireley was a visitor on our streets Friday.

George Lauer of Sublette spent the afternoon in West Brooklyn Friday.

Miss Clara McCune of Sterling now spends two days of each week in West Brooklyn on account of the increased number of pupils in her class at present.

O. W. Malach of Sublette was in our village Saturday.

Mr. Sunnigold of Pierre, S. Dak., was here Friday looking after his landed interests near here.

George Lauer of Sublette called upon acquaintances in West Brooklyn on Friday afternoon.

Mr. and Mrs. F. W. Meyer, Mr. and Mrs. M. E. Long and Mrs. J. H. Terhune returned home from Chicago on Thursday evening.

Mr. Tice of Sublette transacted business in West Brooklyn Saturday morning.

B. J. Long motored to Indiana this week with his auto to enjoy a few days' vacation from his duties at the restaurant. His sister, Mrs. Emerson Long, of Amboy assisted in the restaurant during his absence.

A lady representing a new brand of coffee was at the F. L. Oester store this week demonstrating the merits of their coffee to the customers who visited the store.

## BEST MINNESOTA BARGAIN.

About 625 acres of the best land in this state as smooth as a floor and cut on the north by good river (full of fish), and cut on the south by big ditch, just completed, and this ditch is about eight feet deep and shows the best of good yellow clay clear to the bottom. The top soil is the best black sandy loam to be found in Minnesota. The water is pure, and never-failing well on the place, which is occupied by tenant. On this farm is as smooth as the best of the Red River Valley it should not be confused with same, as this is near the highest point of land in the state.

There is fair house and also other buildings with some fenced in pasture and also some field in crop, and all the land desired for crop can be broken with tractor and as this is new land one crop of flax will pay for it at the bargain price of \$25 per acre. Five thousand dollars cash will handle the deal and it is near direct line to Duluth, which is the best market in the Northwest.

## ROCHELLE

Rochelle, Nov. 15 — Thomas Barn-ey Thompson, former pastor of the First Congregational church of Rockford, and the present editor of the Rockford Daily Republic, will deliver an address on "The Land That God Forgot," at the Presbyterian church next Sunday evening. Mrs. Charles Healy will play a group of numbers on the pipe organ beginning promptly at 7:30 and the church quartet will sing. The program is sponsored by the Men's Bible class.

The Men's Bible class taught by Dr. T. E. Pousner were guests of Mr. Rosecrans' large men's class at Ash-ton for a joint service Sunday morning. The Rochelle men made the trip in automobiles.

The ladies of the Methodist church banqueted the choir and orchestra in the church parlors Thursday night. A company of 56 was served at little tables artistically arranged and very prettily decorated. Large chrysanthemums of yellow were given as favors and the same color scheme was used in the decorations and lighting. A bountiful dinner was served, replete with trimmings.

Mrs. R. L. Heydacker, and Mrs. Leon McNemar and son Robert, spent the week end with Aurora relatives.

Henry Walters of Sterling spent the week with his mother, Mrs. R. L. Walters.

Miss Marion Braiden is visiting her cousin, Miss Katherine Bell, at Ithaca, N. Y.

## FARMER WAS LOSER.

Hamburg: Through a most unusual legal ruling which, in many quarters is attacked as incorrect, a farmer has been obliged to sell a carload of hay for two marks (50 cents). He had telegraphed to his would-be customer that the price would be 200 marks, and some employee of the telegraph office lost the two ciphers in handling the message. The astonished customer lost no time in accepting the "2" mark offer.

When the customer declined to pay 200 the case went into court, and the telegram was produced as evidence that only two marks had been asked for the hay. In vain the farmer pleaded that it was through no fault of his that the ciphers had been "lost in transit." The answer was that he should have spelled out the sum in telegraphing. The supreme court decided that the imperial telegraph office could not be held responsible for the mistake and that the sale must stand.

Says Oust Kitchener or Lose War.

London, Nov. 16.—The sharpest attack on Lord Kitchener yet heard in the British parliament was made by Sir Arthur Markham following Winston Churchill's sensational speech. Markham told members of the commons he was convinced Kitchener was responsible for both the Antwerp and Dardanelles "blunders" and that he also was guilty of withholding information. "I am convinced," added Sir Arthur, "that while Kitchener, who accepts no advice, remains at the war office we will not win this war."

### ALL PLANS GOOD; EXECUTION POOR

That Is Winston Churchill's Explanation of Failures.

**FISHER AND KITCHENER CAUSE**

In Speech Former Naval Department Head Blames War Lord and French for Antwerp Fiasco—Defends Dardanelles—Throws Failure Onto Fisher for Non-Guidance.

London, Nov. 16.—Winston Churchill told the house of commons that he took the full responsibility for the inception of the Dardanelles campaign. He refused, however, to shoulder the blame for the failure of the expedition to save Antwerp. The blame for this failure, he frankly told the parliament, belonged to Premier Asquith and to the French strategists, for with them, not with him, had originated the idea to check the Germans in that fashion.

**Dardanelles Legitimate Gamble.**

"The Dardanelles enterprise," said the former first lord of the admiralty, "I regarded as a legitimate gamble of war for a prize of an inestimable value and here was a reasonable chance of winning. On that basis, I went before the ministry and accepted full responsibility for initiating that enterprise."

Even though the Antwerp enterprise failed as a military adventure, Mr. Churchill said it had some good results in that it forced the Germans later to give battle on the Yser instead of further in the south of France.

**Asquith Praises Him.**

As Mr. Churchill took his seat, amid cheers, Premier Asquith stepped forward and referring to him said, "I have always found him a wise counsellor, a brilliant colleague and a faithful friend. He takes with him in leaving the ministry universal good will."

Though frankly telling the house of commons in so many words "I am responsible for the Dardanelles campaign" his declaration was marked by one passage tending to reduce his own responsibility at the expense of Admiral Sir John Fisher, who was first sea lord when Churchill was first lord of the admiralty.

**Blames Admiral Fisher.**

He asserted that Sir John, while opposed to a reduction of Great Britain's naval strength in home waters, "never criticised the method of attack on the Dardanelles." He added further that he did not receive clear guidance from Admiral Fisher before the expedition was decided on or the subsequent firm support to which he was entitled. In reply to his critics who had charged that Britain went into the Dardanelles action "half cooked," Churchill emphasized that in the beginning the enterprise was "profoundly, maturely and elaborately considered."

If any operations in the history of the world were worth carrying through with sustained fury and utter disregard for life, Mr. Churchill contended, the operations at the Dardanelles were worth it.

**Predicts German Defeat.**

Incidentally Mr. Churchill sounded an optimistic note as to the eventual outcome of the war. Also, he made another prophecy.

"We are passing through a bad time, which probably will be worse before it will be better," said he, "but it will be better. If we endure, the campaign of 1915 should be decided against Germany by her shortage of men."
